THE LEJON STORY...

A PROUD TRADITION OF UNITED STATES MANUFACTURING

Established in 1968, Lejon of California has been a family owned and operated company for over three generations. Starting with three salesmen, Lee Jeperson, John J. Shirinian and his son, Jack Shirinian, embarked on a journey to create a new belt company. By combining the names of "Lee" and "John", the three partners opened "Lejon of California" with a simple American ideal: excellent customer service backed by quality manufacturing.

Since its inception, Lejon has specialized in the manufacturing of moderate to high-end men's and women's belts, distributing primarily throughout the western United States. In 1984, sales expanded to the midwest and east coast markets. Lejon has widened its horizons even further by creating the brand Vintage Bison.

A factory of long term employees who are dedicated and hardworking masters of their craft. From Jerry Powell (our Plant Manager of forty-three years) his wife, Leticia Powell (Beltsmith of thirty years) to our many other valued crew members who have been with our company twenty or more years. Our principles have allowed us the opportunity to meet and employ a staff of leaders; in turn, these leaders care and provide you with a product superior in craftsmanship and quality.
